READING CHALLENGE: FEBRUARY FACEBOOK TAKEOVER!

I've got a question for you: What if you could give your child the ability to make more money as an adult or help raise his or her IQ? You can! You may ask yourself, "Where do I go to learn more about these great gifts I can give my kids?" You only have to go as far as your unplugged home. That's right---you can find all that you need at your house. Did you know that for every year that your child reads consistently, the average lifetime earning increases by \$50,000. Holy Cow! Some studies have even shown that interactive reading can raise a child's IQ by 6 points. Who doesn't want that?!

As you know, our major homework assignment here at AOI is reading every day, and this includes weekends, snow days, holidays...basically, anything that ends in 'day'!! Students who read for only 20 minutes a day are exposed to about 1.8 million words of text every year. That's huge! That's 137 new words per minute! Now, the good news is that I believe most of our students are reading on a regular basis. YAY! The bad news is that we are not getting any proof that they're reading. Uh oh! Last month we saw a significant decline in our students who have met their reading goals of 10 books or turning in proof of the reading.

To sum it all up, although February has fewer days than all the rest, we would love to see a record number of students read 10 books or more. So, we need your active support to help your child reach the goal of reading 10 books, then more importantly, turning in the proof that they read. Remember - if we don't see it...it NEVER happened! We don't want that! We want to celebrate all our super readers!

And now...we've got a little challenge for you. *In my best announcer voice, clears throat...*

ARE YOU REEEEEAAAAADY?!?!? It's time for a February Facebook Takeover! All you have to do is take a picture of your child reading or writing in the month of February and post it with the hashtag **#AOIReads** and your child will earn \$5 EVERY post! (Disclaimer: AOI bucks, not actual cash!) There are 28 whole days in February, so there's some great potential for great readers! No social media account? No problem! Just send us the pics via email (frontoffice@aoiga.com) and we'll post 'em for you! Don't forget the captions!!!

LET THE CHALLENGE.BEGIN!!
